AGS dance group participated in the UAE celebrations for National Day on the evening of Friday, November 29 at Umm Al Emarat park. There was a lot of cheering and excitement on the part of the audience throughout the performance. AGS is always proud to have its dance group participate every year at Umm Al Emarat park to celebrate this very special occasion.

On Thursday, December 5th, our U-13 boy's football team took part in a Festival of Football Tournament at Al Bateen Academy. The boys did an amazing job, winning two and drawing two matches in the group stage of the tournament, to advance to the cup semi-final. There, after a hard fought o-o draw, we, unfortunately, lost out on penalties to SZPAB. We beat ICS in the 3rd/4th place play-off to finish 3rd overall. Well done to all players.

Mr. Declan M. - PE Teacher and Football Coach

AGS continues to demonstrate excellence in sports, with outstanding achievements in football tournaments and swimming classes. Our football teams have consistently showcased their skills and determination in various tournaments, making the school proud. This year, our student-athletes participated in ADDISA competitions and the Al Bateen Football festival, including the annual Football Tournament.

Our swimming classes have also seen remarkable progress and achievements. With a focus on teaching essential swimming skills and techniques, AGS students have demonstrated significant growth in their abilities. Swimming lessons have not only helped students develop their skills but also fostered a sense of camaraderie and sportsmanship among participants.

Students have expressed appreciation for the swimming classes, with one student, Youssef, saying, "I've learned so much from our swimming lessons. I feel more confident in the water, and I'm excited to keep improving." Another student, Mariam, shared, "I love swimming with my friends at AGS. It's fun and helps me stay active and healthy."

These achievements in football tournaments and swimming classes reflect AGS's commitment to promoting sports and fostering a sense of community among students.

As we look forward to the second term where our football girls team under 13 and 15, basketball Junior NBA teams for girls and boys under 14, and basketball boys team under 19, we remain dedicated to providing diverse opportunities for our students to thrive in sports and maintain healthy lifestyles. *Ms. Dragana M. – Head of PE Department*
