

Community Services at school on Fridays during Ramadan

Today, Friday, March 7th, our KG students participated in a special initiative to prepare Iftar snack bags for distribution at local mosques. With the help of our dedicated Grade 9 and some Grade 12 students, the children packed around 350 bags, filling them with care and kindness.

The morning was a great success, and it was heartwarming to see our youngest learners engage in such a meaningful act of giving. We hope this initiative brings joy to those receiving the bags and inspires our students to continue spreading kindness in their community.

Ms. Leona M. – KG2 Teacher

AGS is participating in Friday Service Learning, and our middle schoolers really shined! Grade 7 students organized a heartwarming clothing drive for the Red Crescent, creating posters and giving presentations to gather donations. They carefully sorted and packed the clothes, and shared thoughtful reflections about how good it felt to help others. Grade 8 focused on protecting our planet, learning about environmental challenges in the UAE. They explored science projects like water filtration and lemon batteries, and created awesome Google Slides and posters to raise awareness. AGS Middle School shared a community spirit together, learned a lot, and felt happy knowing they made a positive difference!

Mr. Manny Y. – Grades 5 – 8 Vice Principal

Community Services at school on Fridays during Ramadan

"Eco-Artists" is a dynamic and engaging project that empowers Grade 6 students to become leaders in sustainability. By combining hands-on cleanup efforts with creative expression and educational outreach, we will make a tangible difference in our school and community, while inspiring a lifelong commitment to environmental stewardship.

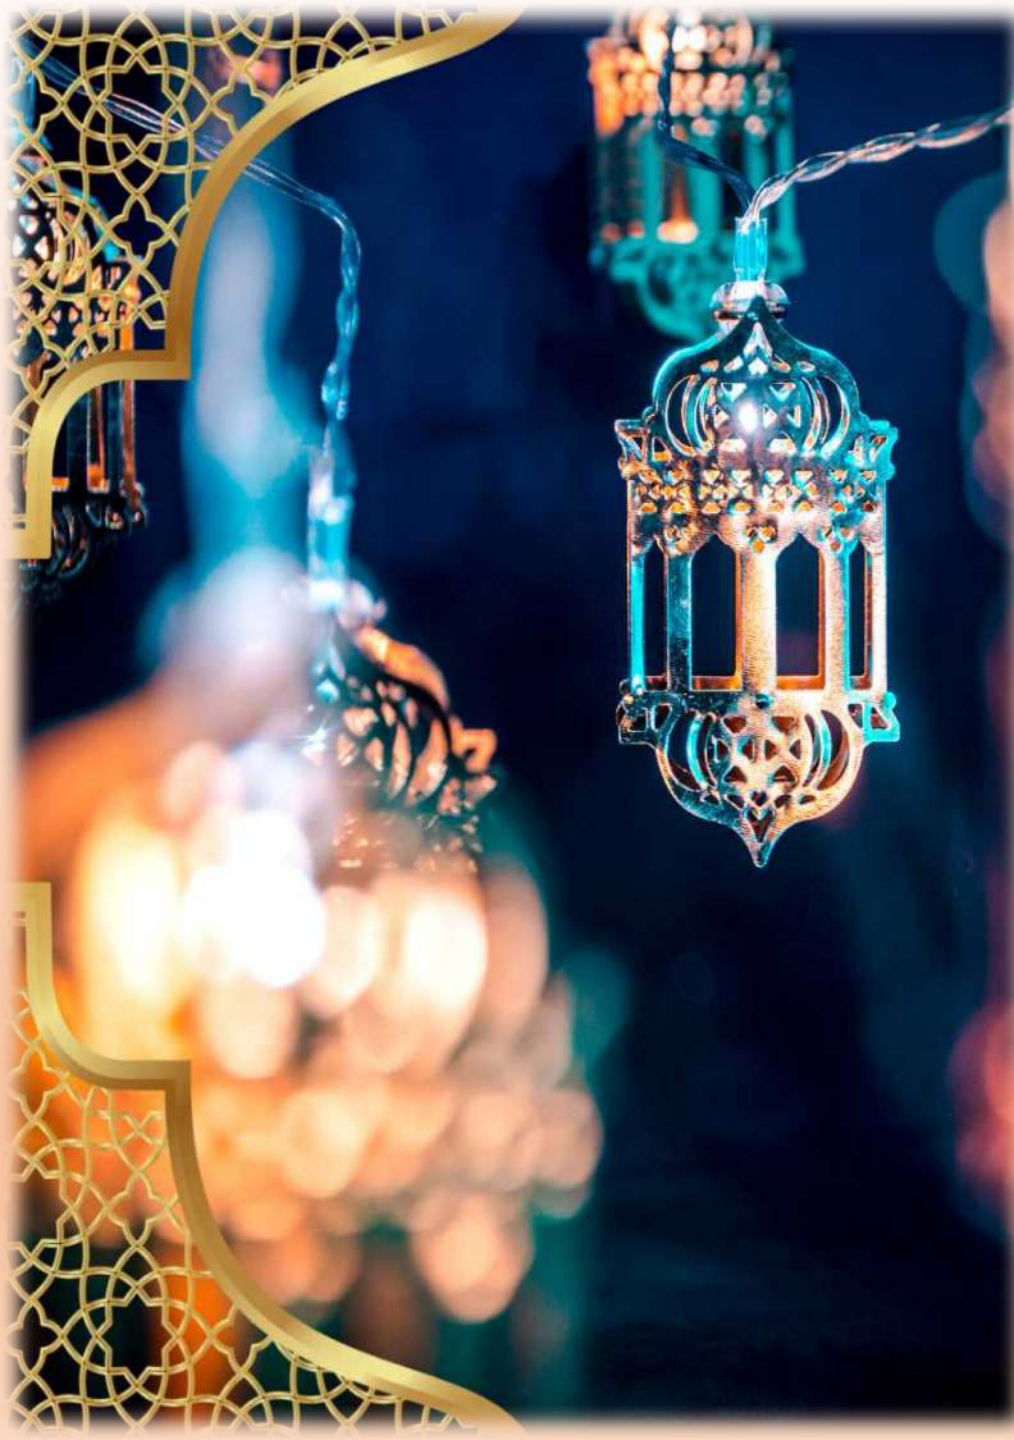

Mr. Adam S. – Grd. 6 Teacher

A dedicated group of AGS students participated in a valuable service learning initiative within the Al Wahda Football Club. This program provides students with a unique opportunity to contribute to the school community while developing essential healthcare and community service skills. Students assisted the medical staff with daily tasks, contributing to the efficient operation of the medical room and preparing the necessary equipment for the training. We want to thank the Al Wahda Club for allowing our students to be a part of this service.

Mrs. Dragana M. – Head of PE Dept.

Our Under 13 Girls Football team wrapped up their season with an incredible showing at their final tournament. They powered through the group stage, winning all three games and taking the top spot. This outstanding performance moved them into the semi-finals, where they faced a fiercely contested match that ended in a heart-stopping penalty shootout. After a very tough game and eight rounds of penalties, their journey to the gold medal ended.

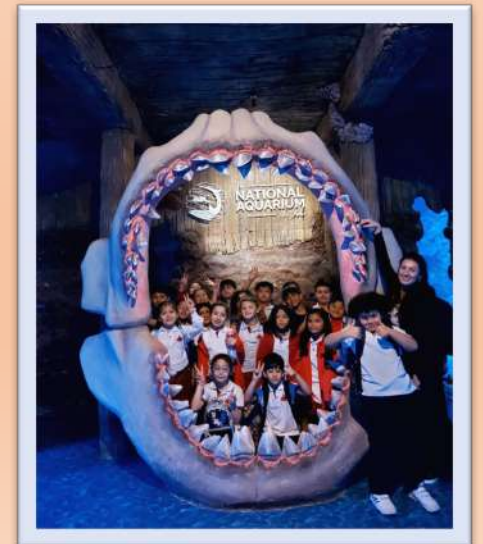

It's important to remember that these girls are the LEAGUE CHAMPIONS! Their tournament performance, especially their perfect group stage, shows their amazing skill and teamwork. In AGS history, we have never seen such impressive results from our girls' football team in a tournament. Coaches Jenna and Lakra are immensely proud of their hard work, excellent sportsmanship, and for making this year a huge success. Every player made this season truly memorable.

Ms. Lakra U. – PE teacher and Football Coach

A special word from AGS admin to the AGS community

Over the past weekend, AGS lost one of its teaching staff, Ms. Rachel Taylor, the Grade 2B Homeroom Teacher. She was a new member to the AGS staff for this academic year. She was hardworking, dedicated and an energetic teacher providing a nurturing and loving learning environment for her students. She was actively involved in many of the school's activities. In a very short time, she became very popular around the school and among all the staff. AGS is very appreciative of how everyone in the AGS community showed support in guiding both their students and each other through this difficult time; This is essential for AGS to move forward. Ms. Rachel will continue to be remembered and will always be in our prayers.

The school will be closed for the Spring Break starting on March 22, 2025 until April 6, 2025. Classes resume on Monday, April 7, 2025 with regular school hours.

The administration will be open during the Spring Break from 9 am until 1 pm but will be closed for Eid Fitr.

Congratulations to all our amazing students who participated in this year's grade 7 and 8 Science Fair! Your creativity, hard work, and scientific thinking were on full display, and we're incredibly proud of each and every one of you. Thank you to the grade 12 students who spent their day judging and providing feedback to the student finalists. A special shout out to our top projects this year:

Grade 7

1st place: Leen and Perry
2nd place: Saptarshi, Wael and Mazen
3rd place: Tameem
Most innovative: Talia and Taylia

Grade 8

1st place: Angelo, Eissa and Yousuf
2nd place: Lima and Juan
3rd place: Rayyan
Most innovative: Taime, Fayeze and Mustafa

Ms. Lauren W. – Junior High Science Teacher

A huge thank you to everyone who participated in this year's Teachers Sports Day! Friday, February 21st, from 3 pm to 5 pm at Zayed Sports City AGS teachers from all grades participated in our annual day of fun. It was great to enjoy the Padel courts, basketball court for frisbee golf, washer toss, and tennis courts, with all the necessary equipment provided. A special shout out to Ms. Dragana for organizing the event and making sure everyone had a blast all while getting a little exercise!

Ms. Betty C. – KG2 Teacher
